

Collaborative Curation Model Activity Worksheet

Digital Stewardship Curriculum

Complete THREE steps for your Collaborative Curation Model. Think about community, institution and department specifics of collaborating with both your community members and institutions *outside* of your Tribe/Nation/community. You can use the *Plateau Peoples' Web Portal Collaborative Curation Model Example* to discuss and brainstorm how steps would work in your community.

Step name: _____

Step description:

What is the goal of this step?

What resources do you need to accomplish this step?

What people do you need to accomplish this step?

What may need to happen *before* this step?

What may need to happen *after* this step?

Other notes about this step:
